Erratum: Pubertal development in healthy children is mirrored by DNA methylation patterns in peripheral blood

Kristian Almstrup, Marie Lindhardt Johansen, Alexander S. Busch, Casper P. Hagen, John E. Nielsen, Jørgen Holm Petersen & Anders Juul

Scientific Reports 6:28657; doi: 10.1038/srep28657; published online 28 June 2016; updated on 03 Aug 2016

This Article contains typographical errors in Table 1. In the column ‘Pubertal age’ the values for Boys-pre ‘1st–3rd Qu’ and ‘Range’ “–3.07–1.80” and “–5.06–0.42” should read: “of “–3.07– –1.80” and “–5.06– –0.42” respectively. In addition, the Girls-pre values for ‘1st–3rd Qu’ and ‘Range’ “–2.54–0.85” and “–6.01–0.42” should read: “–2.54– –0.85” and “–6.01– –0.42” respectively.
